

Find The Data You Need

After selecting a property:

- 1 Choose which data page you would like to view from the list.
- 2 You may choose a different property from the results list (if more than one is available).
- 3 You may also choose a different property by clicking on the small map in the lower left corner.

Notes:

- Make sure you are on the "Data" tab.
- To select a property, select it on the map or perform a search (to see more about these topics, view the tutorials for the map and the search. More information is also available in the help file).
